

CHRISTOPHE  
HARBOUR  
ST. KITTS

# YOUR PERFECT CHARTER HOMEPORT

Every aspect of The Marina at Christophe Harbour has been designed to create the finest superyacht destination in the Eastern Caribbean. Our vision has been to thoughtfully integrate a carefully considered experience perfectly suited to owners, guests and crew, into this ideally suited, natural setting.

# RIGHT IN THE HEART OF THE EASTERN CARIBBEAN

Because we're right in the heart of the Caribbean's most popular cruising grounds and yet spared the traffic, noise and colorful chaos of other nearby ports, The Marina at Christophe Harbour is the ideal spot to start and/or end a charter.

# DESIGNED FOR THE OWNERS' EXPERIENCE

Every part of Christophe Harbour has been conceived and developed as part of a superyacht owner's ideal homeport experience – from the quality of the docks and bespoke concierge services to the private FBO lounge and premier resort amenities.

# THE NEW CARIBBEAN GATEWAY

In partnership with YU Lounge private jet terminal, we are able to offer a seamless and unrivaled 30-minute touchdown to cast-off experience – one that meets the standards of the yachting experience itself.

# REFUELING MADE EASY

Boasting the largest storage capacity in the Caribbean, we offer competitively priced, tax- and duty-free fuel. And because we were conceived as a superyacht haven, every berth at The Marina at Christophe Harbour has the ease of in-berth fueling.

## EXPEDITED VIP ARRIVALS AND DEPARTURES

St. Kitts and Nevis customs and immigration services are onsite, allowing VIP expedited arrivals and departures from both yachts and private jets, so that owners and guests can spend more time enjoying their holiday.

# QUALITY INFRASTRUCTURE

Unlike the common stern-to model, Christophe Harbour offers alongside mooring and brand new, technologically advanced docks built to the highest standards with first-class Wi-Fi and cell phone coverage. The marina is clearly buoyed with a fully monitored single access point, 24-hour security and certification by the International Ship and Port Facility Security Code.

# A WORLD CLASS DESTINATION

Enjoy fine Caribbean cuisine at The Pavilion beach club and savour sunset cocktails at arguably the best beach bar in the world, SALT Plage. By season's end, a new Customs House and boutique shopping will be open along the marina boardwalk and the Caribbean's first Park Hyatt hotel will open in March 2017. Up next, a Tom Fazio designed championship golf course will overlook the superyacht harbour.

## WORK-PERMIT EXEMPTIONS FOR YACHT AND JET CREW

Unlike other places in the Caribbean, here on St. Kitts, you'll find local working regulations for your staff to be amenable.

Christophe Harbour has negotiated simple work permit access for crew and necessary industry professionals.

# FIVE-STAR CONCIERGE SERVICES AND KITTITIAN HOSPITALITY

*"As a child, I played on these beaches; today I'm here to make sure every trip goes to plan and our guests make the very most of the local delights. It's a passion that comes from knowing how special this place truly is."*

Melanie Bennett,  
Marina Guest Services Manager

# THE WORLD'S ONLY FREEHOLD SUPERYACHT BERTHS

The Marina at Christophe Harbour offers perpetual freehold title of all superyacht berths. As the sole owner you may lease your berth whenever you choose, for long-term value unique to Christophe Harbour. And when your travels take you away from your homeport, the experienced Christophe Harbour staff will manage your berth until you return.
