

**CHRISTOPHE  
HARBOUR  
ST. KITTS**

**434 SALT RAKER DRIVE  
BASE MAP**

-  Property Line
-  Building Envelope  
(defined by the front, rear and side vertical setbacks)\*
-  Improvement Envelope  
(defined by the front, rear and side improvement setbacks)\*
-  Natural Area  
(defined as the area outside of the Improvement Envelope)\*

Ridgeline Elevation: + 44 ft A.S.L. (as shown on example site plan)

\* Refer to the Design Guidelines for Sandy Bank Bay for more information on design criteria including building height, site coverage, and building and improvement envelope definitions.

The purpose of the Homesite Diagram (base map and overlay) is to assist the Owner in understanding existing site conditions and how a house, and other site improvements, can both respect and make full use of the features of the site.

# CHRISTOPHE HARBOUR

ST. KITTS

## 434 SALT RAKER DRIVE

### HOMESITE OVERLAY

Approx. Acreage:	.90 acres
House Type:	Custom
House Size:	5,500 sf
Main Level:	3,300 sf
Other Levels:	2,200 sf
Garage:	600 sf

This overlay illustrates locations for building and site improvements, which have been determined by the DRB to satisfy the resource conservation and community design objectives of Sandy Bank Bay. The DRB may determine that other locations within the Homesite also meet these objectives. However, notwithstanding this illustration, the DRB shall review and approve all building and site improvements, including those illustrated, in accordance with the policies and procedures of the Design Guidelines at Sandy Bank Bay.

The purpose of the Homesite Diagram (base map and overlay) is to assist the Owner in understanding existing site conditions and how a house, and other site improvements, can both respect and make full use of the features of the site. All sizes and dimensions are approximate.
